

The Team

For many of us, this was our first year to be team leaders at this camp. As authority figures, we were able to look at the camp from a different perspective. It was a great position to interact between the campers and the spiritual leaders. We believe God really blessed the camp this year, and we all got to see these blessings from our positions as leaders.

Music

This year, Samuel Boguslawski created the songbook which contained a combination of contemporary praise music as well as hymns. Some of the songs were even written by Samuel and Clement Appah. Together with Bishop Meyer, they chose specific songs referring to the creation of the world and the new creation Christ has made in us. Our camp theme song this year was "Maker of All Things," which we sang at least once a day before the morning or evening teachings. The song "Give Me a Heart," written by Clement, was our concluding praise song when the focus of the camp shifted from how God made the world to how He in His grace has healed our broken hearts and made us new in Him. Samuel led music on the piano with Grace, Aaron, and Clement on vocals,

and one of our German campers, Tobias, played the guitar. During special services, such as Holy Communion on Sundays, Grace and Aaron sang a special song. Helping to lead worship was such a positive experience for our team. It was wonderful to be able to bring the campers together and worship the Lord.

Many of the campers could play the piano and sing their favorite praise songs during free time as well. Every night at the bonfire, the whole group would sing songs (both sacred and secular) accompanied by Tobias on guitar and Samuel on mandolin. This activity provided another great atmosphere for singing our favorite songs and sharing in praising the Lord together.

Snacks

Mikayla was in charge of evening snacks this year. Although Mrs. Meyer sometimes finished them before she could help, it was great to be able to help her out. Poor Grace is always so busy! Sometimes Mikayla would

select a few campers to help her carry the snacks down to the fireplace, where everyone would munch while connecting with the other people on campus. It was a very delicious job, and she enjoyed it very much.

Sports

here were many games and sports for the campers and team members to play during free time to get to know one another during the week. In addition to archery, baseball, and Knuell Camp Uno, we even taught the German campers how to play American football! Over all, the campers and even Bishop Sam enjoyed the activities that were provided.

Drama

Grace Quay was absolutely thrilled to teach drama at this year's camp. Participating in the skits was a great way for the campers to get to know one another while still focusing on the theme of the camp. It also helped a lot of the campers to let their guard down and be silly without fear of ridicule. Grace was very glad she could help to create a place of acceptance for them. There were still a few rough spots, of course, but on the whole, it was a wonderful experience. To watch the drama on facebook:

Blessings for the Church

After English Camp most of the team went on an Eastern Germany tour visiting the great City of Dresden as well Prague, Capital of the Czech Republic and other historic or reformational sites.

Returning to KnuellCamp one of Team Members from an Anglican Church was confirmed before returning to the USA. Another team member from Sweden, Gustaf Stenström, who was responsible for Morning Prayer and Homilies during English Camp was installed Lay Reader before returning home to his country to begin an REC ministry there.
